To foster a spirit of service and ministry with the church and community.

To stimulate students to pursue further academic studies.

Curriculum

Ordination and Licensure Certificate

The purpose of the COGIC Ordination and Licensure Certificate is to provide foundational knowledge and skills in core practical, historical, and academic areas. The certificate, at the discretion of Jurisdictional Bishops and Supervisors, may be used as the **prerequisite** for ordination and licensure. This certificate will also serve as a means of professional development and personal enrichment for other persons.

Teaching Ministry Certificate

The purpose of the Teaching Ministry Certificate is to provide foundational knowledge and skills in teaching and in core practical, historical, and academic areas. Effective teaching is at the very heart of all that the church is seeking to do. Preaching and teaching in the local church are God's ministry gifts to bring people to salvation, sanctification, and also to equip the saints for ministering to one another in the Body of Christ.

Laitry Certificate

The purpose of the Laitry Certificate is to provide foundational scriptural knowledge and teaching regarding the importance of the role of a responsible layman in the Body of Christ. Stewardship and commitment of the individuals in the local assembly are vital to undergirding the ministerial staff and ministry of the congregation.
